# 1 Billing of physical connections

The billing method of physical connections is Subscription.

## Billing method

Billing method	Descriptions	Upgrade or downgrade	Overdue instruction
Subscription	Monthly or yearly subscription	Not supported	<ul style="list-style-type: none"><li>When a leased line interface is overdue and the overdue bill exceeds 24 hours, the leased line interface stops data forwarding and is locked.</li><li>If you recharge your account within 24 hours after the bill is overdue, your configuration will not be affected.</li><li>When your account is settled , the leased line interface will immediately restart data forwarding and is unlocked.</li><li>If the leased line interface is locked over 15 days, the leased line interface will be reclaimed, the configuration will be cleaned and it cannot be recovered.</li></ul>

## Billing

The physical connection service involves Alibaba Cloud fees and third-party fees.

- Fees charged by Alibaba Cloud

The leased line interface fee is charged by Alibaba Cloud, including the first-time installation fee and outbound traffic fee.

- Fees charged by third parties

The fees of third parties (service providers, partners, data center operators, and so on) include lease fees for leased lines and cable rental fees. For specific details, please consult with the relevant operator.

## Pricing of dedicated access port

The fees of a dedicated access port include [Table 1-1: Initial installation fee \(one-time charge\)](#) and [Table 1-2: Resource occupation fee](#).

**Table 1-1: Initial installation fee (one-time charge)**

Specification	Price (USD)
1G	1,500
10G	1,500
40G	1,500
100G	1,500

**Table 1-2: Resource occupation fee**

Billing item	Interface specification	Subscription (USD/month)
Resource occupation fee (Mainland China)	1G	85
	10G	720
	40G	2,450
	100G	5,200
Resource occupation fee (Oversea)	1G	290
	10G	2,640
	40G	9,920
	100G	23,430

**Note:**

No resource occupation fee will be charged until January 1, 2019.

## Pricing of shared access ports

**Note:**

No traffic charges will be charged for the period before April 1, 2019.

Billing item	Price
Outbound traffic fee	0.015 USD/GB

**Fees not charged by Alibaba Cloud**

Third-party fees include lease fees for leased lines and cable rental fees in buildings. For specific details, please consult with the relevant operator.

Billing item	Descriptions
Leased line rental fee	Charged by service providers or partners. The rental fee is charged according to the bandwidth and distance.
In-house cable leasing fee	Charged by service providers or partners. For specific details, please consult with the relevant operator.

## 2 Billing of peering connections

Peering connection supports the Subscription billing method.

### Billing method

Billing method	Description	Upgrade or downgrade	Overdue instruction
Subscription	Subscription on a monthly basis	Real-time upgrade is supported. Temporary upgrade is supported. Renewal upgrade or downgrade is supported.	<ul style="list-style-type: none"><li>When the initiator instance is overdue for more than 24 hours, the instance will stop forwarding data and be locked.</li><li>If you renew your account within 24 hours after the bill is overdue, your configuration will not be affected.</li><li>The service will be restarted immediately after you renew your account.</li><li>If the initiator instance is overdue and locked for more than 15 days, the initiator instance will be reclaimed, the configurations will be cleared and cannot be recovered.</li></ul>

### Peer connection fee

In the process of peering connection, Alibaba Cloud only charges fee on the initiator instance and does not charge the receiver instance. The fee is charged according to the bandwidth of the initiator instance and the distance between the two instances. The costs of VPC interconnection in the same region is lower than that of VPC interconnection across regions.

- For the prices of cross-region interconnection, take the price on the purchase page as standard. If you have any problem, contact your customer manager.
- For the prices of same-region interconnection, see the price in the following table. This fee is not charged until April 1, 2019.

**Table 2-1: Price of same-region peering connection in Mainland China**

Bandwidth (Gbps)	Initiator instance fee (USD/month)
1	70
