{} or {a|b}	**It indicates that it is a required value, and only one item can be selected.**	`swich` *{stand | slave}*

Contents

1 Buy a Smart Access Gateway Hardware

After you purchase a Smart Access Gateway Hardware, the system delivers it within 48 hours. At the same time, the system creates a Smart Access Gateway instance for you to manage.

Procedure

1. Log on to the Smart Access Gateway console.

2. On the SAG page, click Create SmartAG.

3. Configure the Smart Access Gateway device according to the following information and click Buy Now.

Configuration	Description
Area	Select the area of the Smart Access Gateway. The shipping address of the gateway device must be in the selected area. Each Smart Access Gateway area corresponds to a country. Currently only the Mainland China area is supported.
Name	Enter an instance name. The name must be 2 to 128 characters in length and must start with an English letter. It can contain numbers and the following special characters: . _-
Device Spec	Two types of device specifications are provided, and the configurations for different specifications are different. For more information, see Device overview. Note: The device is automatically upgraded to the latest software version after it is activated for the first time. Make sure that the power supply and network access are stable in the upgrade process.
Peak Bandwidth	The peak bandwidth of intranet communication.

Configuration	Description
Usage	Select how to use the gateway device or devices: · Stand-alone: Select this if you only purchase one Smart Access Gateway device. · Standby: Select this if you purchase two Smart Access Gateway devices to share bandwidth. Then, if the active device fails, traffic is switched to the standby device. For more information, see Device-level high availability configurations.
Sub Period	Select the duration of purchase.

4. Confirm the order information, and then click Buy Now.

5. On the Address dialog box, enter the shipping address of the gateway device and click Order Now.

You can check whether the order is successfully placed on the SAG page. The system will deliver the device within 48 hours after the order is placed. If you do

not receive the device within 48 hours, you can open a ticket to check the delivery status.

2 Buy a Smart Access Gateway (Software)

This topic describes how to buy a Smart Access Gateway (SAG) (Software). Only an administrator can buy an SAG (Software). After an SAG (Software) is purchased, a corresponding SAG instance is generated, and the administrator can create client accounts by managing the instance.

Procedure

1. Log on to the Smart Access Gateway console.

2. In the left-side navigation pane, click Smart Access Gateway (Software).

3. On the Smart Access Gateway (Software) page, click Create SmartAG to purchase an Alibaba Cloud network client.

Parameter	Description
Region	The region where the Alibaba Cloud network client is used.
	If the client is to be used in another region, we recommend that you purchase a client in that region , because a client will be connected to the network of the region it is purchased.

Parameter	Description
Number of client accounts	The number of client accounts the administrator can create. Generally, one account is created for each employee that needs to log on to the client. 📋 **Note:** Currently, an administrator can purchase 5 to 1000 accounts for each client. Tiered pricing is applied based on the number of client accounts required. For more information, see SAG (Software) billing.
Free data plan	The specification of the free data plan provided for each account each month. The plan cannot be shared across different accounts. If a free data plan is not used up at the end of a month, the remaining traffic in the data plan does not carry over to the next month. 📋 **Note:** Currently, only a 5GB data plan is provided each month.
Billing method used when a data plan is used up	If a free data plan is used up, additional traffic usage is is billed by the Pay-As-You-Go method.
Duration of purchase	The duration of purchase for the data plan under each account is one a monthly basis and auto renew is supported.

4. Click Buy Now and complete the payment.
