Document conventions

Style	Description	Example
	A danger notice indicates a situation that will cause major system changes, faults, physical injuries, and other adverse results.	 Danger: Resetting will result in the loss of user configuration data.
	A warning notice indicates a situation that may cause major system changes, faults, physical injuries, and other adverse results.	 Warning: Restarting will cause business interruption. About 10 minutes are required to restart an instance.
	A caution notice indicates warning information, supplementary instructions, and other content that the user must understand.	 Notice: If the weight is set to 0, the server no longer receives new requests.
	A note indicates supplemental instructions, best practices, tips, and other content.	 Note: You can use Ctrl + A to select all files.
>	Closing angle brackets are used to indicate a multi-level menu cascade.	Click Settings > Network > Set network type.
Bold	Bold formatting is used for buttons, menus, page names, and other UI elements.	Click OK.
Courier font	Courier font is used for commands.	Run the <code>cd /d C:/window</code> command to enter the Windows system folder.
Italic	Italic formatting is used for parameters and variables.	<code>bae log list --instanceid Instance_ID</code>
[] or [a b]	This format is used for an optional value, where only one item can be selected.	<code>ipconfig [-all -t]</code>

Style	Description	Example
{ } or {a b}	This format is used for a required value, where only one item can be selected.	switch {active stand}

2 Purchase Cloud Security Scanner

Cloud Security Scanner offers two editions: Professional and Enterprise.

Procedure

1. Log on to the [Cloud Security Scanner console](#).
2. Click **Activate Service**.
3. Select the edition and specification on the buy page.

Note:

Cloud Security Scanner offers two editions: Professional and Enterprise. For more information about pricing details, see [Pricing](#).

4. Confirm the order, select the **I agree to the terms and conditions of Cloud Security Scanner** check box, and settle the payment.
5. After you settle the payment, you can log on to the [Cloud Security Scanner console](#) to use the service.

3 Upgrade and renewal

Cloud Security Scanner offers two editions: Professional and Enterprise.

The Professional and Enterprise editions support different features and billing methods. Purchase an edition based on your business requirements. After you purchase Cloud Security Scanner, you can click **Renew** to extend the validity period, or click **Upgrade** to upgrade from the Professional edition to the Enterprise edition.

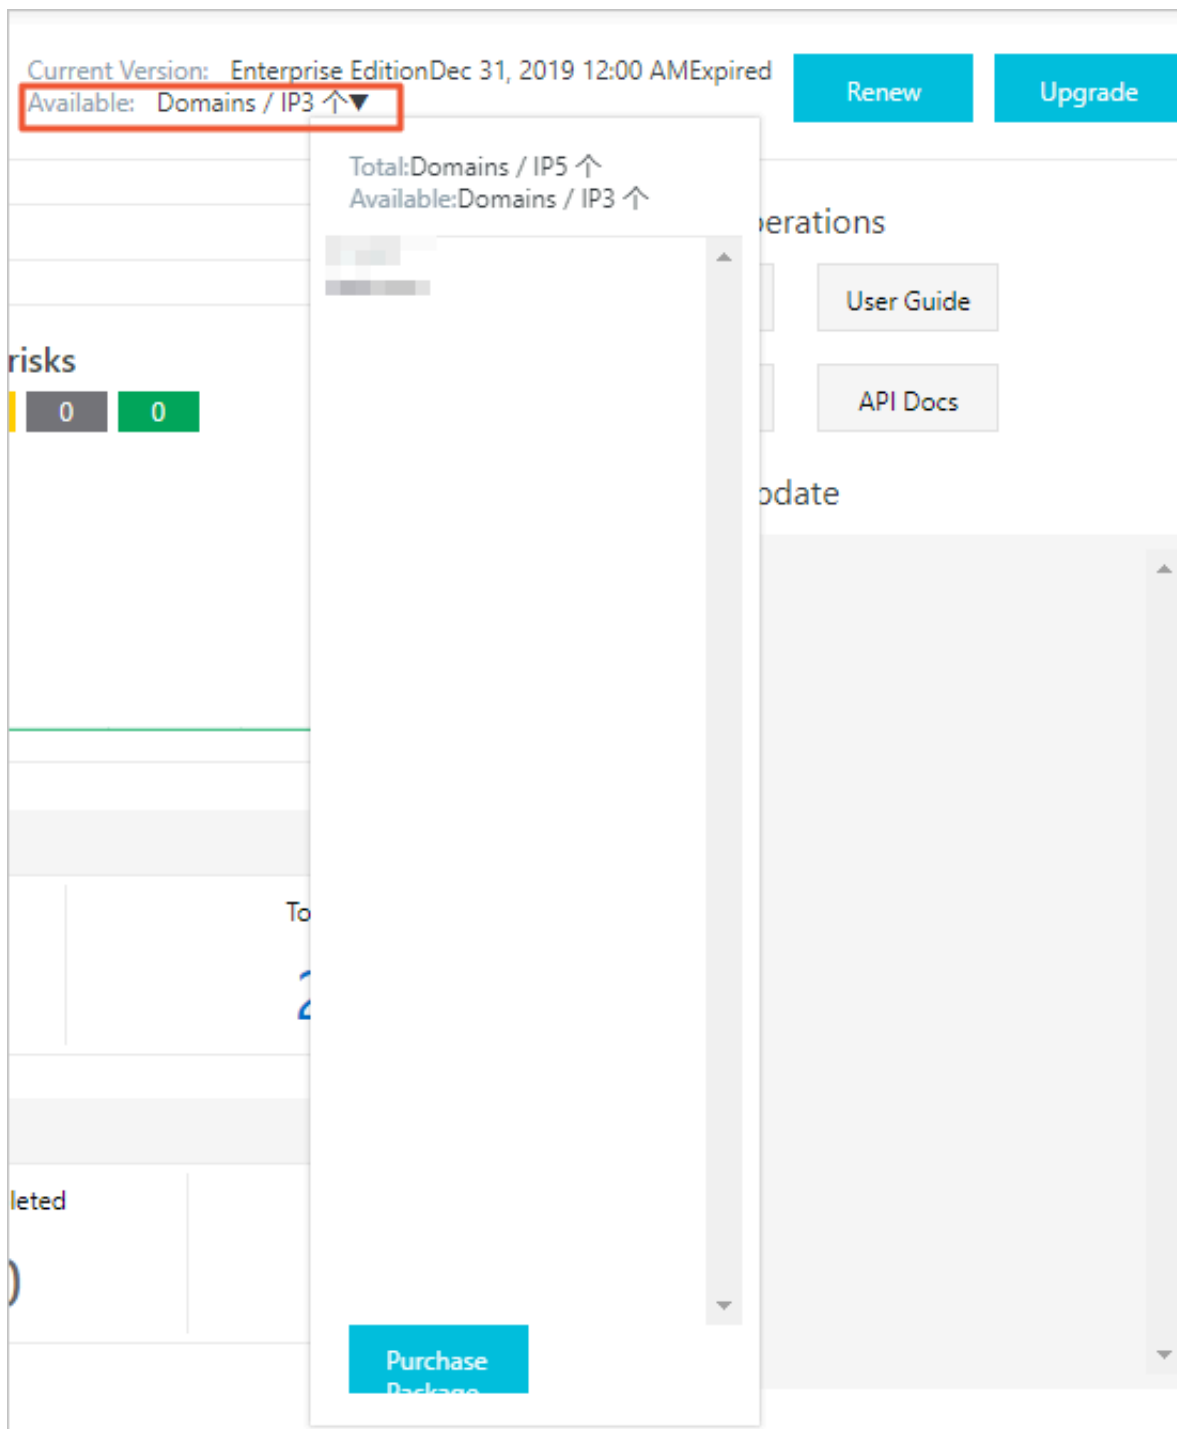

For more information about supported billing methods and features of different editions, see [Pricing](#).

Renewal

If you need to continue to use Cloud Security Scanner, you must renew it and settle the payment at least seven days before the expiration date.

Upgrade

You can view available quotas on the **Overview** page. If the available quota is 0, you cannot run scan tasks. You must upgrade the service and purchase quotas.

Alibaba Cloud deducts fees from your Alibaba Cloud account monthly based on the actual usage. If you need to upgrade Cloud Security Scanner, make sure that your Alibaba Cloud account has sufficient balance to pay the upgrade fees.

Procedure

- 1. Log on to the [Cloud Security Scanner](#) console.
- 2. In the left-side navigation pane, click **Overview**.

3. On the **Overview** page, click **Renew** or **Upgrade** in the upper-right corner.

4. Select a specification on the **Renew** or **Upgrade** page.

Note:

When you **renew** the service, you cannot change the edition. You can only extend the validity period. When you **upgrade** the service, you can change the edition.

5. Select the **I agree to the terms and conditions of Cloud Security Scanner** check box and settle the payment.

4 Service expiration

Cloud Security Scanner becomes unavailable after it expires.

You must renew or purchase Cloud Security Scanner again to continue using it.
